**LYRICS:**

**Intro:**

It is hello and then goodbye  
 And the absorption of colors in between  
 Until you fall back towards the sky...

**Verse I:**

I feel your absence like a guitar  
With no strings to make me sing  
Find your pulse, make it mine  
Keep it strong and carry on

**PreChorus:**

Like the microphone to your heart  
I will let them know just who you were

**Chorus:**

Ooh, something individual  
Known inside, barely shown to the world  
Leaving so much love behind

**Verse II:**

I miss you the most when I'm alone  
Turn off the light to be with your ghost  
You keep me awake and help me write this song  
Help me sing it out

**PreChorus:**

Like the microphone to your heart  
I will let them know just who you were

**Chorus:**

Ooh, something individual  
Known inside, barely shown to the world  
Leaving so much love behind

**Bridge:**

Am I crazy? I don't know, I thought I saw you...

**PreChorus:**

Like the microphone to your heart  
I will become who you are

**Chorus:**

Ooh, something individual  
Known inside, barely shown to the world  
Leaving so much love behind
