LYRICS:

Verse I:

I'm leaving you now
I can't stop you from bringing me down
I've got a couple okay friends
They gonna help me out until I mend

PreChorus/Chorus:

But the irony is someday you'll say
You wanted proof
You wanted proof
You wanted proof
But I was right there

Verse II:

I'm taking all this pain
I will take what was good and change my name
I don't want no one to recognize me
I'm going to vanish like the breeze
You keep your money, yah, you can have these songs
Keep what's left cause you can't have my heart

PreChorus/Chorus:

The irony is someday you'll say
You wanted proof
You wanted proof
You wanted proof
But I was right there

Verse III:

I'm leaving you now
I can't keep you from bringing me down
I've got a few okay friends
They gonna help me out until I mend
But you keep your money, yah, you can have these songs
You can't have my heart, cause it's moving on

PreChorus/Chorus:

The irony is someday you'll say
You wanted proof
You wanted proof
That I loved you
But I was right there
